DURASHIELD®

SEEING IS BELIEVING!

DURASHIELD® Premium Natural Rubber – Heavyweight Contender for Tear and Abrasion Resistance!

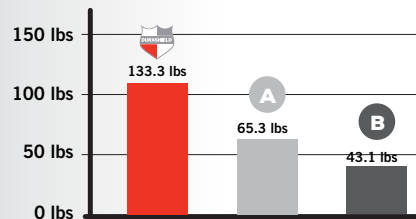

Formulated for the cement, aggregate, forestry, and mining markets, the DURASHIELD® line is a proven solution to extend the service life of vital heavy-duty equipment – providing measurable savings and significant reductions in expensive down time.

To prove its superior tear resistance, our AB-140 red DURASHIELD® was put to the test against top competitors. **Akron Rubber Development Laboratory** was selected to conduct this tear test, as an objective third party.

Our video may be viewed by scanning the QR code or by visiting the DURASHIELD® section of our website: american-biltrite.com.

TEAR COMPARISON

American Biltrite - VS - Competitors A & B
